

# BRIGITTE

Outdoor Cushion \_

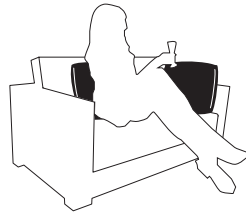

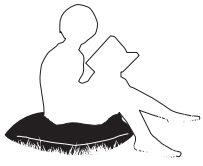

// Brigitte è un **cuscino da esterno** dai colori brillanti, caratterizzato dal gioco cromatico tra il rivestimento in tessuto maglia, **100% riciclabile** (ECOLEFINE® Plastitex), e la fodera interna in raso di poliestere a creare un sorprendente effetto tra lucido e opaco.

Un perfetto accessorio per una seduta da esterno.

// Brigitte is a brightly colored **outdoor cushion**, characterized by the overlapping of the knitted fabric, **100% recyclable**, (ECOLEFINE® Plastitex), and the inner satin polyester lining, to create a surprising glossy-matte chromatic effect.

A perfect accessory for an outdoor seat.

### // Brigitte è completamente sfoderabile.

il riempimento in grani di EPS (polistirolo) è contenuto in un sacco di TNT (Tessuto-Non-Tessuto) per evitare la dispersione dei grani durante la sfoderatura o facilitare l'inserimento del refill.

### // Brigitte is completely removable.

The filling in tiny polystyrene grains is contained in a TNT (non woven fabric) bag to avoid the dispersion of beans during the cover removal and to facilitate the insertion of the filling.

// L'EPS con il tempo tende a perdere volume naturalmente. Per riportare Margaux allo stato originale, ricaricare il riempimento con l'**EPS Refill** originale Jaquió.

// With the time EPS naturally tends to loose volume. To bring back the Margaux to its original status, periodically re-energize the fill with the **Original Jaquió Refill**.
